Announcement

THE SHORTHORN BREEDERS OF OHIO HAVE LONG BEEN RECOGNIZED as producers of top Shorthorns. Shorthorn history and tradition has been made and retained by the efforts of our many able breeders.

It is the aim of the Ohio Shorthorn Association to make the Ohio sale one of quality and with this in mind the sale committee made their rounds of inspection and we feel that we are offering a well rounded group of useful cattle. We do not claim that each entry is outstanding but we do feel that we have cattle in this sale that will help to build most any herd to a higher place in the Shorthorn fraternity.

Our breeders are regularly attending the top sales of this country and Canada and in many cases we see them buy a bull or a few females to use in our good Ohio herds. The influence of these new cattle is being felt throughout the state and many of the cattle we are offering are sired by bulls of top rank from herds of national prominence.

We are offering but a few bulls, but we have bulls that we think will fill the bill for many. Again we do not claim that each bull is a top show bull, but no doubt we are offering one or two that will meet the approval of the critical and the others have their place in the herds of this country.

We are proud of the female consignment and they are coming from some of the top herds of the state and a study of the pedigrees will reveal that they are bred right and that the colors for most part will meet with your approval. We have a well rounded offering in the females. Several cows are offered as are the bred heifer group and then we have the sweet group of open heifers that are always appreciated and we can recommend this group to you without reserve.

All of the sale cattle will be shown beginning at 10:00 A. M. with the sale getting under way at 1 P. M.

To all its friends the consignors to the Ohio Shorthorn Breeders Association sale extend a most cordial invitation to be with us on sale day.

Cloverleaf Brigadier 2223486—We find a beautiful bull in this consignment from the Cloverleaf herd. He is very even in his roan color. As to his conformation, we find that he is very straight in his lines, has a wealth of good fleshing, with a lot of style. He is one of the first calves by Scottish Prince, the good breeding son of Calrossie Prince Peter, the Perth champion that was imported to this country by Miles-of-View Farms and is now doing such good work in the Merryvale-herd. To see this bull is a certain guarantee that you will like him. He was the reserve champion bull at the 1944 Ohio Shorthorn Show.

The dam of Valentine is also the dam of Cloverleaf Vance, a bull that did considerable winning at the major shows and that later saw much service in the Cloverleaf herd.

Clay Hills Supreme 2209100—We see a lot of the good Canadian breeding in this bull. First he is sired by Marellbar Waverly, and he a son of the good breeding bull, Klaymor Cap-A-Pie, by the highly thought of Collynie Royal Barrage. We also note a great cow, Calrossie Command, in the next bracket. On the lower side of this pedigree we see Browndale Pilot and his good son, Raveni Master. The dam of this bull is Robinwood Lady Bird. She was in the Robinson Brothers' show herd in Canada and she was shown with success. She has annually produced one of the best calves in the Stander herd. Her last calf, a solid red bull, sold for \$500 to head a good herd in Michigan. The calf before that sold for export. With the pedigree and individuality of this bull it looks as though he would do to go into a good herd.

He is sired by Watt Acres Prince and he by Browndale Conqueror. His dam is the outstanding red individual, Countess 20th. Study this pedigree as we see many of the top cattle from the Canadian herds listed. This bull is a full brother to the bull that sold for \$1,000 as a yearling to Mrs. Fred Egbert of Botkins, Ohio. Many of you will remember Countess 20th and her bull calf as they appeared on the cover of the Shorthorn World in one of the issues during the summer of 1943. We feel that we can recommend this bull to those desiring to make rapid strides in breeding better Shorthorns.
